

Quality, Environmental and Occupational Health and Safety Policy. rev00

BLAUVERD CONSTRUCCIÓN DE HABITATS SLU is a company devoted to the construction of residential, industrial and unique buildings. In order to achieve higher quality in our services, as well as a more positive attitude towards looking after the environment around us and the health and safety of our workers, we have established the following principles to be observed in our company:

- Guarantee the satisfaction of our customers based on a friendly approach and extra effort when carrying out our services, both when these are executed for management and when they are for private customers.
- Meet all the requirements set out by our customers, of a legal nature in the area of quality, environment and occupational risk prevention which affect us, as well as others which may be made by the organisation.
- Be committed to continuously improving the quality of our services, as well as our attitude in relation to the environmental impact caused by our activity and the health and safety measures that affect our workers.
- Prevent any pollution that may be generated by **BLAUVERD** while rendering its services in order to keep a mutually beneficial relationship with the environment around us.
- Establish the necessary measures for the sustainable use of resources, for mitigating and adapting to climate change, as well as for protecting the biodiversity and the ecosystem in which we operate.
- Successfully enhance competitiveness in our sector, based on the trust and loyalty of our customers.
- Establish effective controls on our service providers, in relation to the quality of their work, as well as their environmental behaviour while carrying out any subcontracted work and the safety measures that they take.
- Cut down on the amount of waste we produce and the number of occupational accidents, in addition to providing our employees with training and resources so that they can actively contribute to this cause.
- On a yearly basis, establish and review a series of Objectives to guarantee improvements in the Quality and in the attitude of the company as regards the Environment and the Safety of our workers.

The managers and all staff members of **BLAUVERD** are aware of the importance of this policy and take it into consideration in their working dynamic. The company Systems Manager therefore takes all necessary measures for the aforementioned to be issued to all levels, and this policy is regularly reviewed in order for it to be constantly adapted and made available to the interested parties.
